

This cross-sectional view shows a complex assembly with multiple layers and internal components. Key features include:

- 10**: The outermost cylindrical shell.
- 12**: A vertical section or flange on the right side.
- 14**: A horizontal section or flange on the left side.
- 16**: A central horizontal shaft or tube.
- 17**: A conical or wedge-shaped component in the center.
- 18**: A large rectangular block at the bottom center.
- 19**: A small rectangular component on the left side.
- 20**: A small rectangular component on the right side.
- 22**: A grid-like structure in the center.
- 30**: A large rectangular block at the top center.
- 30a** and **30b**: Small rectangular components on the right and left sides, respectively.
- 32**: A small rectangular component on the left side.
- 321**: A small rectangular component on the right side.
- 40**: A small rectangular component on the left side.
- 50**: A small rectangular component on the right side.
- 171**, **172**, **181**, **182**, **18a**, and **18b**: Various small rectangular components and sections within the central and bottom areas.
